### How to reach our offices?

Drive to Hasselt along the E313 (A13) and take Exit 28 Hasselt Zuid. Enter the city along the Sint-Truidersteenweg crossing the outer ring (R71) until you reach to the inner ring (Guffenslaan). Immediately exit the inner ring to your right (on the same cross-roads) along the Luikersteenweg. After about 200 meters you can see the Villerspark at your left side. Either park there, or encircle the park along the Toekomststraat and the Welvaartstraat to find the underground, paying parking Luikerpoort. You'll find our office at the ground floor on the park side, somewhere in the middle of the building.
